

Dipped Strawberries

Ingredients:

- Strawberries
- Chocolate
- Oil based Dyes

Directions:

- Melt chocolate in 20 second intervals or less, stirring each time
- Hold stem to dip and dip in again several times to remove excess chocolate
- Decorate with sprinkles, nuts, or drizzle with chocolate

Hints:

- To step it up a notch, dip in warmed Nutella first
- For creative decorations draw ears, faces, and accessories with chocolate and then attach using more chocolate for glue
- Have fun

- Strawberries are best made the same day they are served because when dipped in warm chocolate they age quickly
